To whomsoever it may concern

This is to certify that **Aditya Pillai** has successfully completed internship remotely from June 2024 to August 2024. During this period, Aditya contributed to the development and deployment of an AI-based Multilingual Chatbot to assist farmers across the country to address their queries. He effectively applied Natural Language Processing and Machine Learning to ensure seamless integration and functionality. I appreciate the dedication and hard work shown by him throughout the internship and wish him success in all future endeavors.

(Savita Kolhe)
